INTRODUCING

Powerform V

TECHNOLOGY ACCELERATED MUSCLE STIMULATION

30 MINUTES / 150 HOURS

Just one 30 minute treatment = 15,000 pelvic floor exercises (equivalent to 150 hours)

BOOST YOUR CLIENT'S CONFIDENCE WITH A SIGNIFICANT NEW
TECHNOLOGY (**HIGH INTENSITY FOCUSED ELECTRO-MAGNETIC
TECHNOLOGY**) PROVEN TO PROVIDE ACCELERATED MUSCLE
STIMULATION TO THE PELVIC FLOOR AREA.

THE 3D APPROACH

Introducing the 3D Powerform V

WHY 3D POWERFORM V?

- Over 40% of UK women in a recent study suffered from varying degrees of urinary incontinence which highlights the enormity of this issue.
- The 3D Powerform V is an affordable addition to any clinic and provides a totally new revenue stream and opportunity in this significant sector of both male and female wellbeing.

STRATEGIES USED TO MANAGE URINARY INCONTINENCE AMONG ADULTS AGE 50-80

40%

use pads / protective
garments

38%

do pelvic floor
exercises

16%

limit fluid intake

15%

modify wardrobe
to hide accidents

An inevitable Part of Ageing?'

HOW IT WORKS

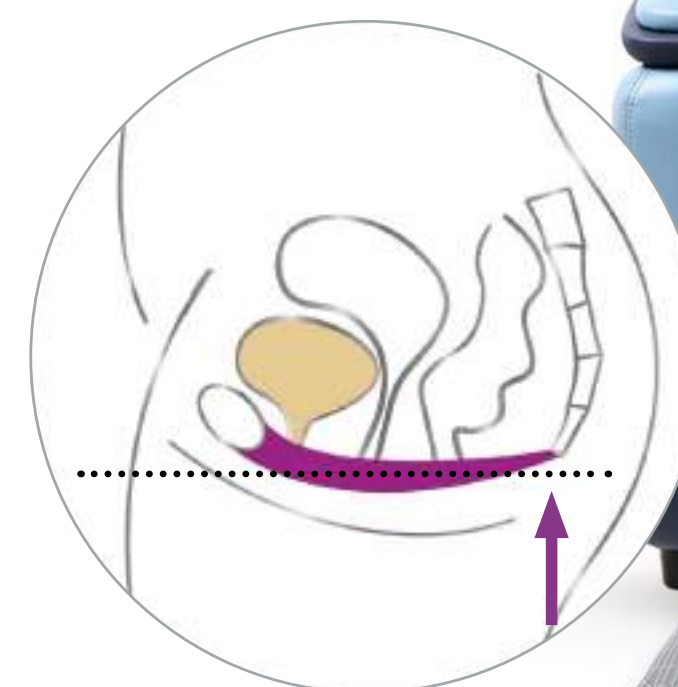

3D Powerform V utilises High Intensity Focused Electromagnetic Technology proven to induce deep pelvic floor muscle contractions designed to deliver the equivalent of 15,000.00 Kegel exercises in just 30 minutes.

As the treatment targets the pelvic floor muscle directly, and doesn't require neuromuscular control, the muscle can contract far more than it would consciously, creating the highly effective results that could not be achieved using manual Kegel exercise alone.

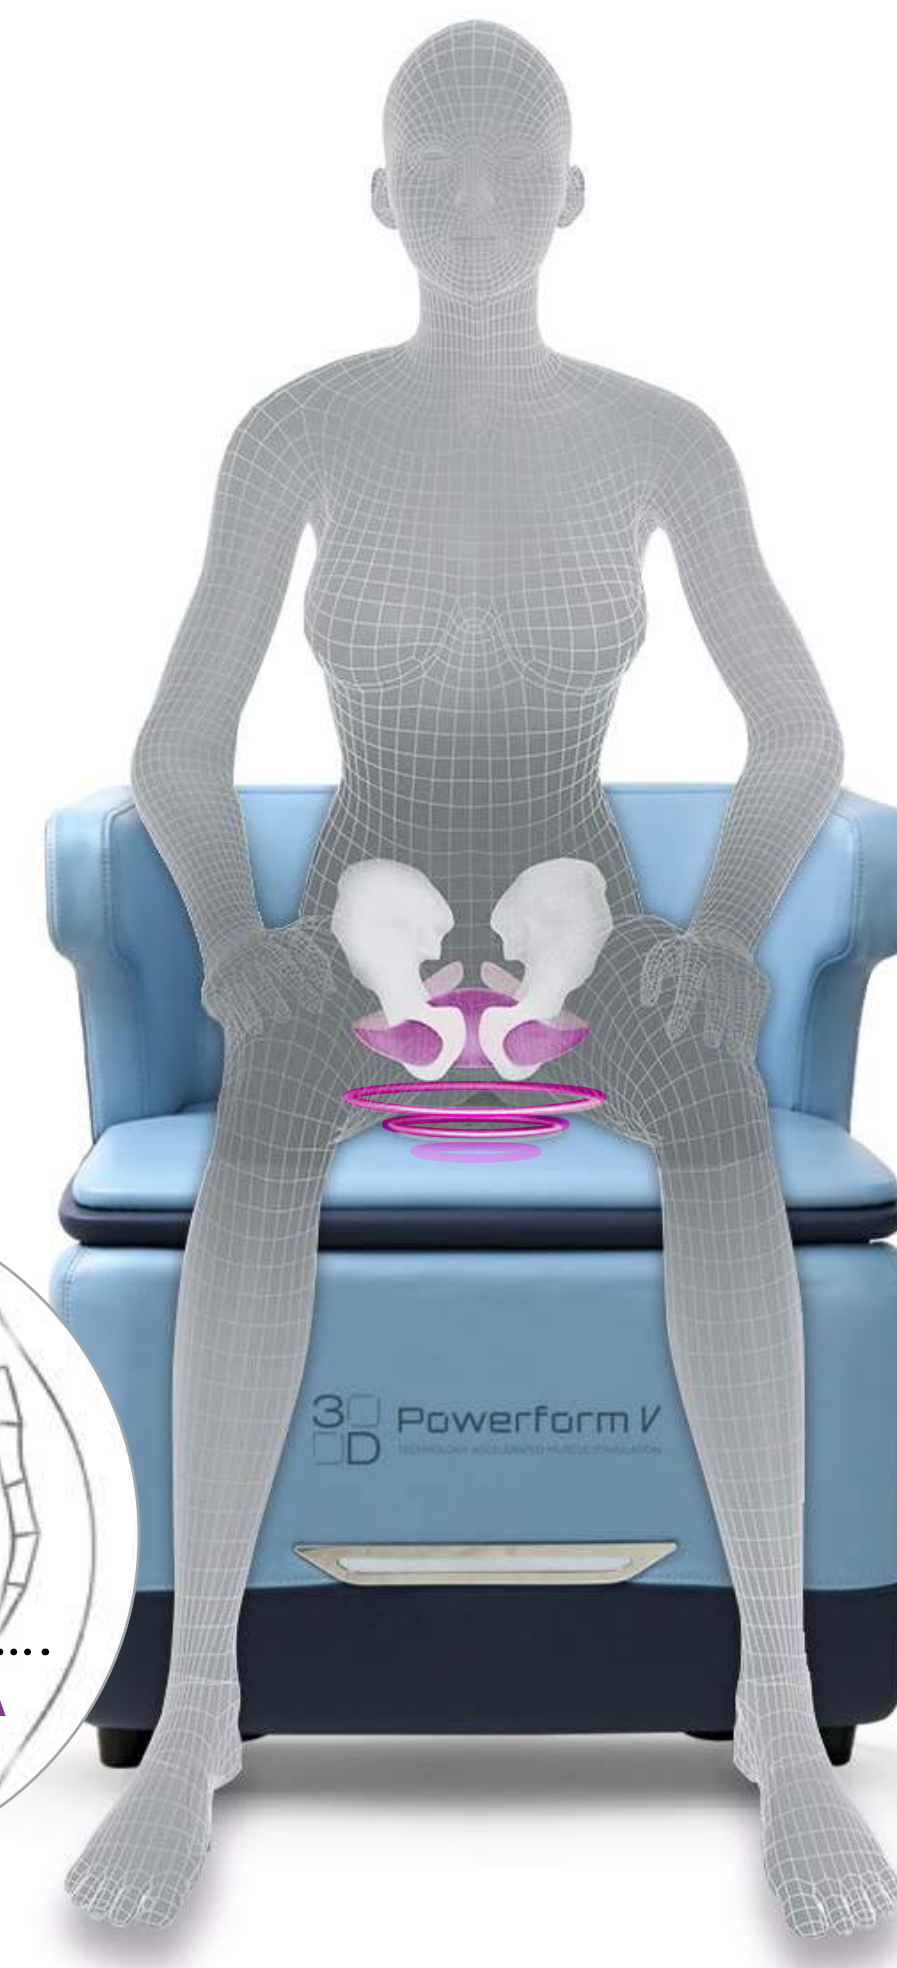

HIGH INTENSITY FOCUSED ELECTRO-MAGNETIC TECHNOLOGY MECHANISM OF ACTION

BEFORE

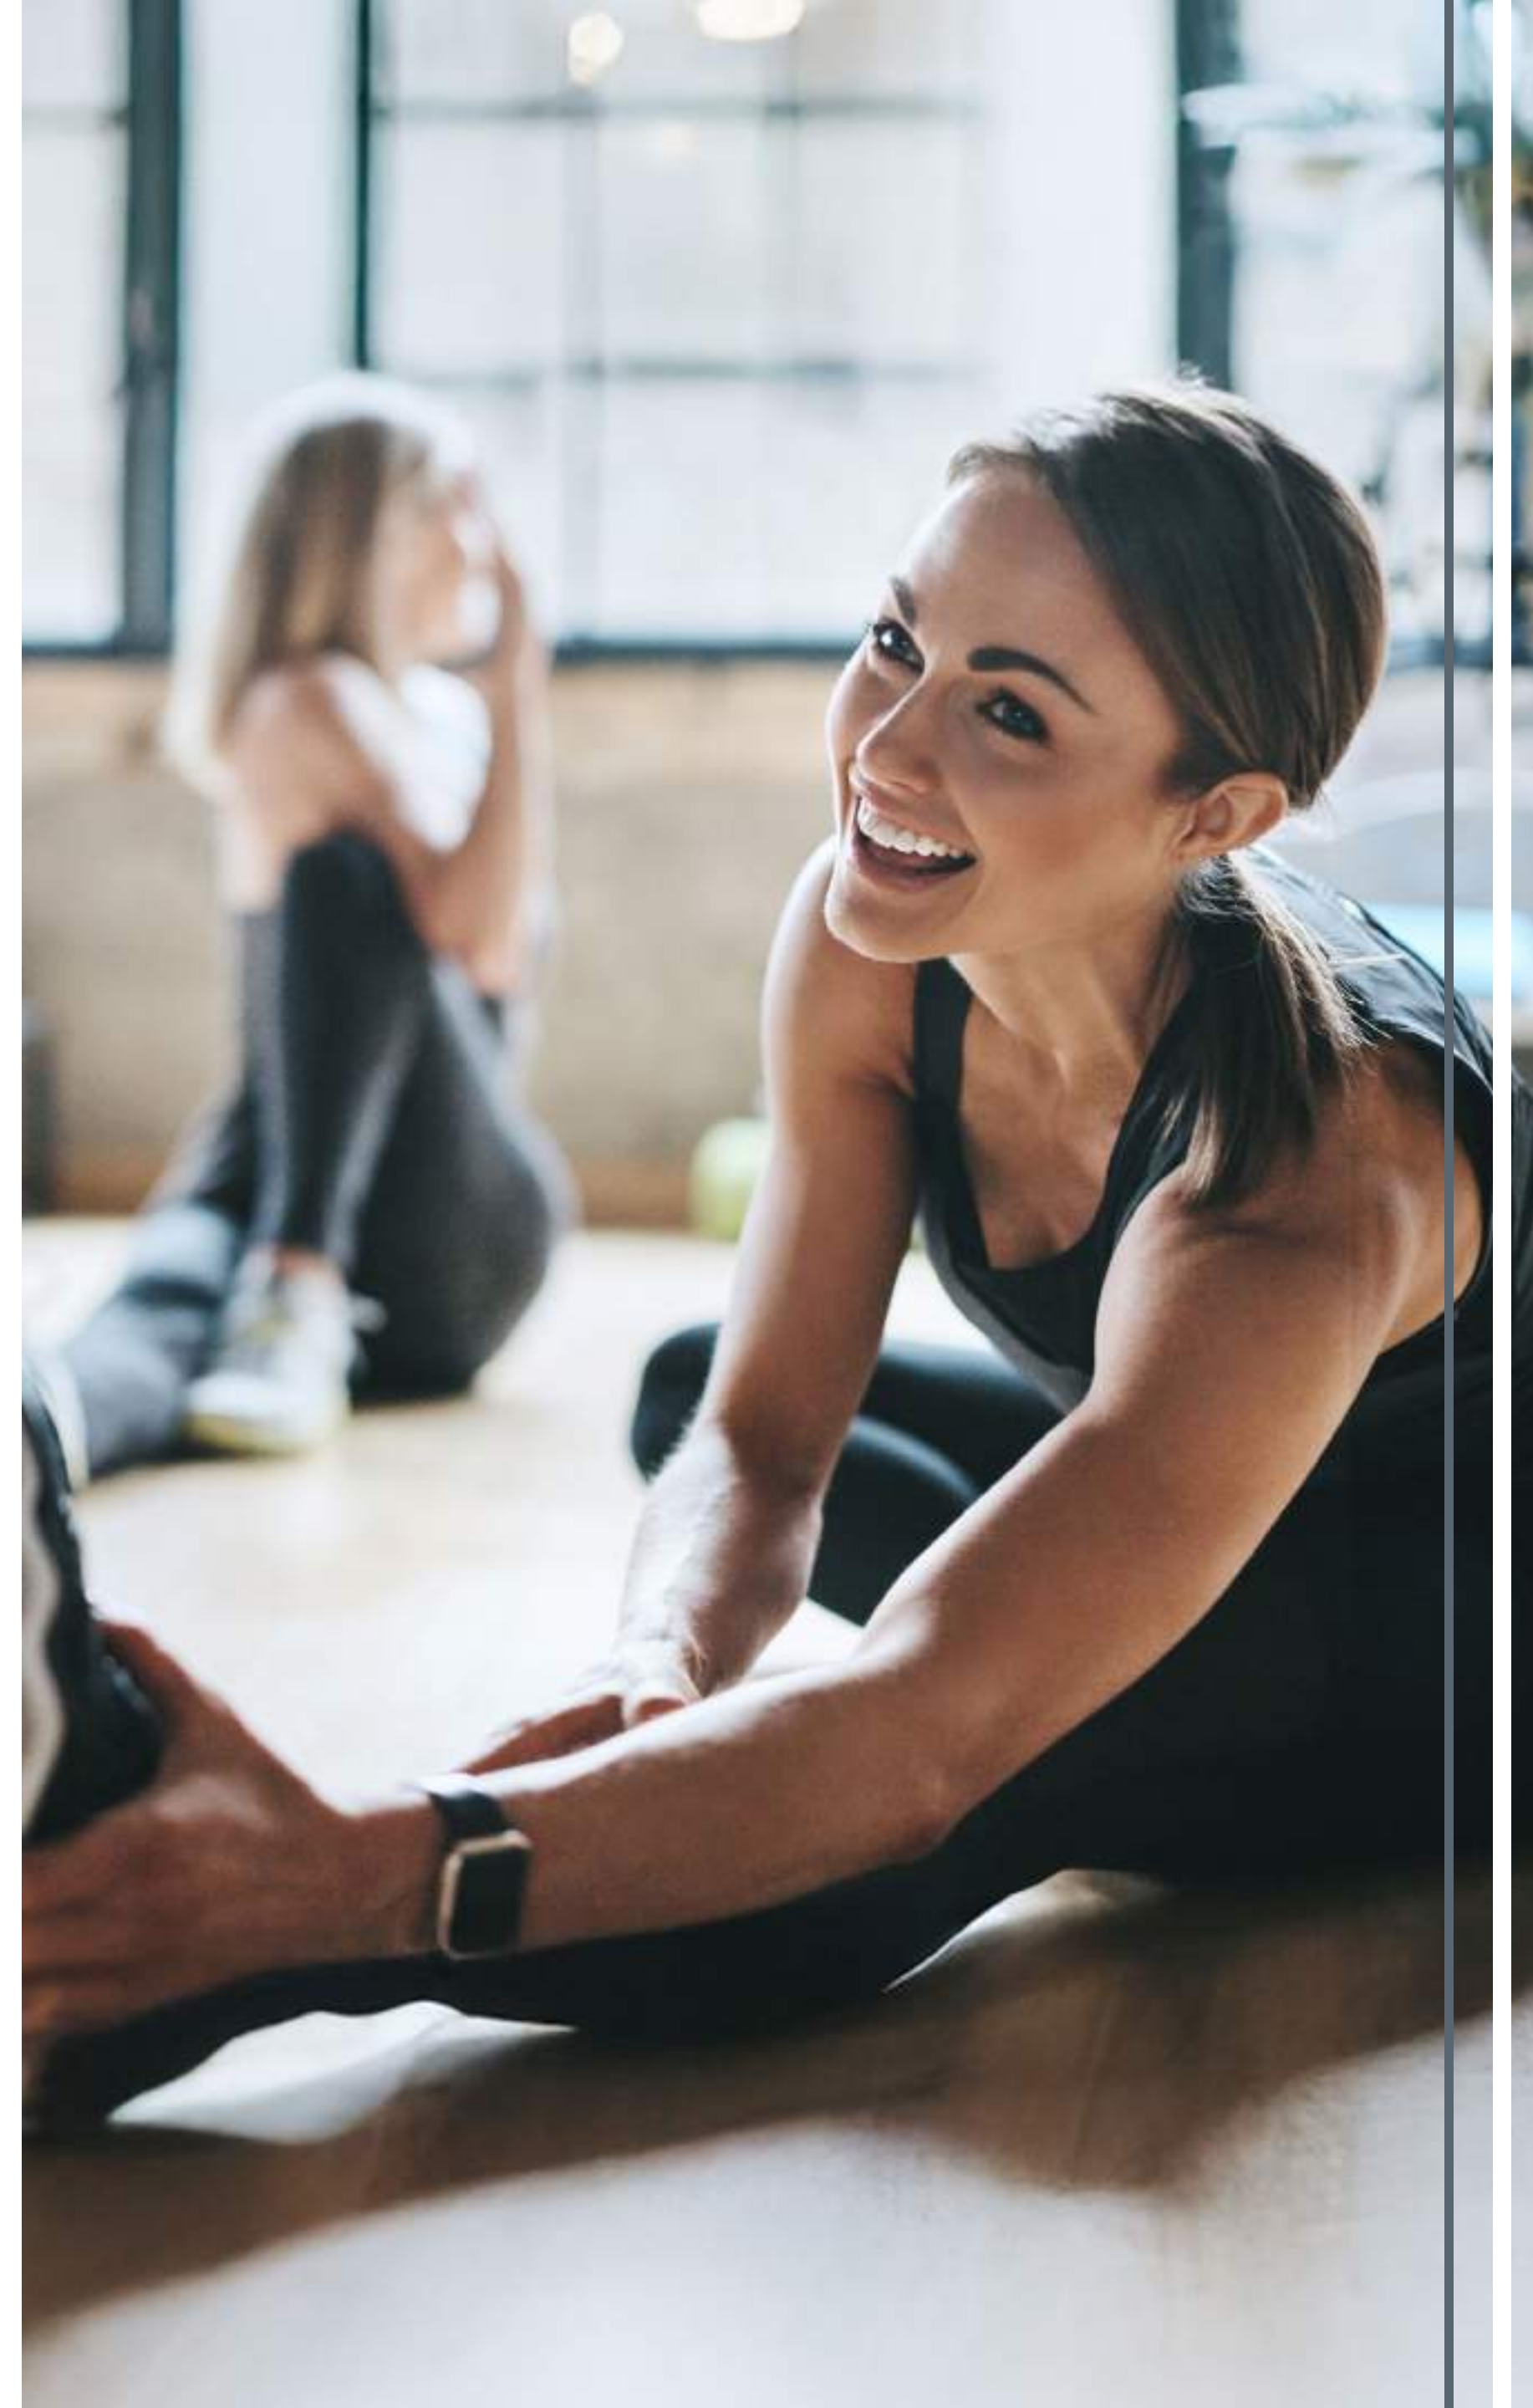

AFTER

TREATMENT INDICATIONS

- Stress, urge & mixed incontinence
- Postpartum pelvic floor recovery
- Vaginal laxity and sensation issues
- Erectile dysfunction and men's pelvic health
- Weak core and lower back support
- Enhanced intimate wellness

WHY CHOOSE 3D POWERFORM V?

BENEFITS TO CLIENTS

Completely Non-Invasive

No surgery or downtime—just sit back and relax.

Remain Fully Clothed

Comfortable and discreet treatment with no need to undress.

Operator-Independent

Hands-free technology ensures consistent, hassle-free sessions.

No Consumables Required

Cost-effective with no additional products or maintenance needed.

BENEFITS TO YOUR CLINIC

- ✓ Highly affordable
- ✓ High ROI No consumables = lower running costs
- ✓ Adding a new dimension to your clinic offering
- ✓ Easy to operate
- ✓ Operator-Independent
– Allows hands-free treatments
- ✓ Proven technology
- ✓ Quick Treatment Time - 30 minutes
- ✓ Cost-Effective Entry Point – More affordable than other products on the market

THE OPPORTUNITY

Weak pelvic floor muscles affect millions of men and women worldwide, often leading to uncomfortable and disruptive symptoms such as lower back pain and urinary incontinence.

The 3D Powerform V uses scientifically proven technology to target and strengthen the pelvic floor muscles—offering a non-invasive, effective solution.

In just six 30-minute sessions, patients can regain control, restore function, and reclaim their confidence.

Why Now Is the Time to Introduce 3D Powerform V

- ✓ Rising demand for non-invasive intimate wellness treatments
- ✓ Appeal to a broader demographic
- ✓ Increase client satisfaction & retention
- ✓ Differentiate your clinic from the competition

GREAT TESTIMONIALS

“

I have suffered with urinary incontinence since childbirth and because of this my mental health has suffered. As a woman, it has really affected my confidence. After six sessions with Powerform V, I noticed a huge difference and actually went on a night out with my friends without wearing my ‘pads’.

” **Clare**

“

After having two kids, I struggled with weakened pelvic floor muscles, which affected my confidence and even daily activities. I decided to try the 3D PowerForm treatment, and it has been a total game-changer. The sessions are gentle and non-invasive, but they’ve made a big difference—I feel stronger, more supported, and more in control of my body. I can’t recommend this enough to women who want to regain their confidence after childbirth.

” **Farah**

“

I initially tried the 3D PowerForm treatment to enhance my core strength and overall well-being, but I was pleasantly surprised by the additional benefits it brought to my intimate life. The treatment helped strengthen my pelvic floor muscles, which significantly improved my confidence and control.

” **Alison**

Pelvic Floor – Single Session (30 mins)	£0	£75-£150	£600

TECHNICAL SPECIFICATION

TECHNICAL SPECIFICATION	
Magnetic Field Intensity (max)	2.5T
Work frequency (max)	1-100Hz
Power (max)	2500W
Power supply	220V-240V, 50/60Hz
Treatment time	From 5 to 30 minutes
Operating temperature	From 10°C to 35°C
Operation pressure	500Mbar to 1060Mbar
Output mode	3 modes
Programs	Auto
Size of machine (h, w, d)	69 x 62 x 57cm
Net weight	40kg
Manufacturer Guarantee	12 months, subject to T&Cs
Mark	CE UKCA

TRAINING

WHAT DOES THE TRAINING INCLUDE?

- 90 Minutes Virtual Training.
- A comprehensive training pack with all required training materials.
- The theory behind the technologies.
- Interactive practical sessions led and observed by our 3D trainers.
- VTCT ITEC accredited training*.
- First-hand advice from trainers on using the devices in real clinic settings.
- Unlimited repeat or top-up training sessions as required.
- Guidance on supporting products.

TRAINING

WHAT DO THE TRAINING COURSES COVER?

Each course starts with a morning of theory work. This is where practitioners will learn the science behind the technologies on their machine, in addition to:

- The consultation process.
- Contra-indications and medications.
- 3D approved treatment protocols.
- Different client types and how to treat them.
- Advice on packaging treatments (on our multi-technology devices).

Practical Session:

- Client preparation and consultation.
- Live practical demonstration.
- Student practical application observed by the trainer.
- Pre and post-care information
